

The Drummer Evangelist.

The lectures and sermons of Rev. H. Williams, the "Drummer Evangelist," are beginning to attract the attention of our people, and they are looking to see and hear him. He is an able, eloquent, and earnest speaker, possessing the magnetism that comes from a kindly, genial nature and which imparts strength and power, and inspiration to all who hear him. He will remain in Kingman two more days. The theme this evening will be "The First Romp With the Tiger."

Sunday at 11 a. m.—"Young People of the Church."

Sunday at 3 o'clock p. m.—"Social Unity," for men only. No boys under 18 years admitted.

Sunday evening at 7:45—"A Farewell Sermon."

Monday evening at 7:45—"The Last Romp With the Tiger."

No admission fee charged. Only free will offerings accepted. The lectures are free of dogmas but vital to true faith, true happiness and true religion.

A Bright Young Journalist.

Miss Florence Cowan has just been graduated from the Sprague Correspondence School of Journalism with high honors. The young lady is known to be one of the brightest and most promising of Arizonans and her many friends in Mohave county will be pleased to learn of her success in the journalistic field. For a number of years she has been a constant contributor to Harper's Young People and her articles have been much sought after. There is no doubt that this young lady will make a great name for herself in the journalistic field. She has the ability and the grace of diction that writers possess.

It is rumored that the interests of W. Dunn and S. H. Black, in the Archlight and Quartette mines have been taken over by the members of an eastern syndicate at a big figure. The mines are the richest properties in the state of Nevada and Mr. Dunn must be credited with bringing them around to a high state of development. For many months they have been producing large amounts of bullion and dividends are now in order.

At a meeting of the republican committee, held in Kingman last Tuesday night, it was decided that a meeting of the republican central committee be called to meet in Kingman on the evening of August 28, 1902, for the purpose of arranging a date for the holding of primaries and the convening of county convention for the purpose of nominating a ticket.

While the life of a mining claim is estimated at but ten years there are many mining claims in this country that have been worked scientifically for the past fifty years. In this country are mines that give promise of long life even in the production of thousands of tons of ore daily.

Thomas Tyrrell came in from the Gallup mountain last night and reports that he is running a tunnel on the Great Eastern mine to tap the vein below the water level for the purpose of drainage. Quite a number of miners and prospectors have gone into the mountain since the rain.

The Los Angeles Times is offering free scholarships to the young Arizona pupil receiving the largest number of votes in the Times' contest. The scholarships are given in the Temple and Normal schools. Why would a Mohave county pupil not make a try for it?

Not Over-Wise.

There is an old allegorical picture of a girl scared at a grass-hopper, but in the act of heedlessly treading on it. This is paralleled by the man who spends a large sum of money building a cyclone cellar, but neglects to provide his family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as a safeguard against bowel complaints, whose victims outnumber those of the cyclone a hundred to one. This remedy is everywhere recognized as the most prompt and reliable medicine in use for these diseases. For sale by H. H. Watkins, druggist.

Stolen.

One sorrel horse, broken to carriage riding; about nine years old. One year out. Brand mutilated. One gray or mouse colored mare about 3 years old, brand HF on hip. One black skin horse colt, 3 years, brand A on hip. Brands were altered before selling them. 25¢ reward will be paid for the recovery of the three horses, and 100¢ will be paid for information that will lead to the discovery of the thief. MRS. C. M. FARLEE. Peach Springs, Ariz., Aug. 11, 1902.

Tomorrow at the home grounds, the Needles and the Kingman baseball teams will cross bats. The heavy hitters of Needles declare that they will come to win and the way they will thump the horsehide will be one of the features of the game. Our home boys say they will do things to the visitors, while the knowing ones say it is problematical. Anyway, the game will be worth going far to see. No admittance will be charged to the grand stand and the public is invited. Hereafter it is the intention to have Sunday amusements at the grounds and a fund is to be raised for this purpose.

Several of the Chloride families have been removing from that town to more desirable quarters on the outside. The town has been building up too fast for the mining country surrounding it and in consequence some people have to get out. The development of mining property is a slow proposition and it takes time to make room for a large number of men, but when the mines are opened up they will certainly be permanent for years to come.

A letter received from W. H. Cushing, who is now at Strong City, Kansas, states that he will probably return to Mohave county sometime this fall to look after his mining interests. He and several other gentlemen are experimenting with the shales of the Smokey River country and believe there is something in them. He is the owner of one of the best lead mines in the Stockton Hill country.

J. P. Finegan is removing his store building from the old stand at the west end of town to a site east of the Hotel Metropole, Chloride. Temporarily he has opened a stock of goods in a building on Tennessee avenue owned by E. T. Loy. The business of the town has drifted away from the old stand, which made this move a necessity.

There was born to the wife of John F. Phelan, in Union, Oregon, a few days ago, a baby girl. In a communication to the editor of MINER Mr. Phelan states that the children are growing like weeds and are in the best of health and that he is prospering, which will be good news to his many friends in this county.

Mrs. J. C. Wilson passed through here from Chloride Wednesday morning last on her way to Prescott, where her husband is now in business. General Jack Wilson will be missed at Chloride, where he was a most desirable citizen.

It is expected that the Wood Chopper's Relief mine, at Mineral Park, owned by James W. Haas, will soon change hands. The mine is well opened by tunnel and we understand shows large bodies of gold silver-lead bearing ore.

I. M. George yesterday received the sad news of the death of his father at Harrisburg, Pennsylvania. Mr. George, Sr., has been ailing for a year or more but it was not thought that death was so near.

Oliver Augsdahl, the Planet mining man and farmer, arrived in Kingman early this week and paid Prescott a visit, returning to Kingman Wednesday evening.

Mrs. G. H. Sullivan visited with her mother, Mrs. J. N. Cohenour, at Chloride, several days this week. Mrs. Cohenour accompanied her to Kingman.

WANTED—A Davis Whim. Cash sale but must be cheap. Apply to this office.

Attention, Pythians.

Next Tuesday evening all Pythians, whether in good standing or otherwise, are requested to appear at the Castle Hall in the town of Kingman for the purpose of transacting special business of great importance.

By order of Committee.

Watch for a Chill.

However slight at this time of year and in this climate, it is the forerunner of malaria. A disposition to yawn, and an all tired out feeling even comes before the chill. Herbine, by its prompt stimulative action on the liver, drives the malarial germs out of the system, purifies the blood, tones up the system and restores health. 50¢ at H. H. Watkins drugstore.

Summer Excursion Rates.

During June, July, August and September round trip tickets will be sold from Kingman to Los Angeles for 22¢, San Diego 23¢, San Francisco 42¢. Excursion trains pass through Kingman west every Tuesday, Thursday and Saturday. Tickets good until November 30. See Agent Gooding.

It has been ascertained that the death of Mrs. Lenora Clark, who was found dead in her home at Franconia, Friday night of last week, was due to heart disease. The intense heat of that place the past three or four months depressed her greatly and for several weeks she was ill. Her husband was preparing to take her to Illinois and would have departed on the 15th had not death intervened. Deceased was a most estimable woman, beloved by all who knew her. She left three children and a husband to mourn her loss. The body was embalmed and will be taken east for burial.

Walter A. Scott, who was interested in mining in Mohave county for a number of years past, was murdered in his office in Chicago a few days ago, by Walter I. Stebbings, a civil engineer. The men had a quarrel over a contract for which Scott refused to pay an excessive demand and in the melee which followed Stebbings picked up a paper knife and stabbed Scott fatally. The coroner's jury found that the killing was unjustifiable and Stebbings has been held to the grand jury. Walter A. Scott was reputed to be a millionaire and had large property interests in Chicago.

Mrs. D. N. Wellman and daughter, of Kingsley, Kansas, stopped over a few days in Kingman this week and visited with Mrs. Wellman's brother, J. D. Templeman. Mrs. Wellman has been ill for the past two years and is traveling for her health. Wednesday evening she departed for Fresno, where she will visit with friends.

C. A. Stevens and wife departed eastward last Wednesday morning. Mrs. Stevens will visit with friends in New Mexico and Mr. Stevens will journey to New York, where he will look after important business. Mr. Stevens is the superintendent of the Gold Road mining company.

J. W. Johnson, who has been visiting friends in Prescott for a few weeks, returned to Kingman Thursday evening. Mr. Johnson is owner in the Copper Prince mines, on the Bill Williams Fork, and will go there some time this fall to do considerable work on them.

Several of the Mineral Park mines are reported to be on the eve of a sale. In and around that basin there are many of the best looking mining claims in the territory and no one will make a mistake in taking them over. They carry values in gold, silver and copper.

Frank Russell and Charles Clinton have purchased the stock and fixtures of the Fashion saloon and have opened up one of the neatest and best appointed resorts in town. The boys are popular and are already getting a good trade.

W. C. Maddox, an old mining friend of our townsmen Walter Brown, is in Kingman in the interest of a life insurance company. Mr. Maddox is a genial gentleman and is making many friends in every part of the territory.

E. S. Osborn and wife arrived from Los Angeles last Monday. Mr. Osborn has been attending to mining business for some months and needed a rest, which he took at the seaside.

John Beard, of Amboy, Cal., and Miss Ines Graham, of Denver, Colo., were united in marriage at the M. E. parsonage this week. Rev. Russell officiating.

Thomas Smith came in from the New Comstock camp this week and took out a supply of provisions. He reports work on the mines progressing.

Mrs. O. D. M. Gaddis and her two boys returned from Wednesday last from Santa Monica, where they have been spending the summer.

Mrs. O. F. Kuencer and the children have gone to Los Angeles, where they will remain the balance of the summer.

Joe Goodwin and his wife returned from the coast last Monday and report having had an excellent time.

Look Pleasant, Please.

Photographer C. C. Harlan, of Eaton O., can do so now, though for years he couldn't because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him till he tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from dyspepsia and stomach troubles. Unrivalled for diseases of the Stomach, Liver and Kidneys, they build up and give new life to the whole system. Try them. Only 50¢. Guaranteed by H. H. Watkins druggist.

We will pay for county warrants 90¢ cash or 95¢ in trade. GADDIS & PERRY.
